

# Meet Fenn and his friends

Hi, I am Ben. I live with my sister Ellie and our Dad. Going to the funfair was so much fun, Ellie and I had such a great day. I got a frog balloon and my favourite, an ice cream cone with chocolate sauce. Ellie won a giant teddy, we are going to call it Big Bear. There were lots of rides at the fair, the spinning cups were my favourite as they went very fast.

I like fast things, sometimes my friend Max and I have wheelchair races, our dads push us really fast around the park. Did you spot me at the park in your book? I was on the slide with Ellie. I find it hard to walk and climb because the muscles in my legs aren't very strong but Dad lifts me to the top and I can slide all the way down. Wheel!

Are you enjoying learning about my friends? Can you remember all their names?! I have a few more for you to meet. They are going to tell you a little bit about themselves and their families.

Hello from us both! Do we look very similar? That's because we are twins! Our family is quite big. We live on a farm with our Mum and Dad, big brother Callum, big sister Clarissa, little brother Casper and our baby brother Charlie. That's 1,2,3,4,5,6,7,8 of us all in one big farmhouse!

It can be quite noisy when we are all at home together but there are lots of places to play on the farm and lots of jobs to do so we spend a lot of time outside. We like to help Dad milk the goats. Mum is then very clever and makes the milk into goats cheese to sell at the farmers market. The best thing about having lots of brothers and sisters is there is always someone to play with and on Sundays we all walk to the woodland to play, climb and build dens.

Hello, I am Ravenna. I live in a house in a pretty rural village with my Mum and Dad, my sister, 2 brothers and our Grandma. I love having my Grandma living with us she tells the best stories at bedtime. Our house is quite big but we don't really have a garden so sometimes we go to the park and have a picnic. Did you see the big basket of food we took with us? That day we had my favourite, vegetable samosas. My Mum and Grandma made them and I helped. When I grow up I want to be able to make delicious picnics like this too, maybe I could be a chef?

Hello, I am Isobelle. I live in a house in a village. I have two Mums, a sister called Jess and a cat named Willow.

We are home educated and we like to learn out and about which means lots of trips to amazing places. Jess and I love animals but penguins are my absolute favourite. When we visit the zoo I spend all day watching them and asking the keeper lots of questions. Did you know there are 18 species of penguins! The penguins are always having so much fun swimming and waddling around, one day I hope to see them in the wild.
